

Habakkuk # 11

“Trans-Dispensational Truth”

*Habakkuk 2:4; Psalm 33*

**While love motivates God to reach out to us, grace is the genius plan of God to bless us and integrity is the character of God which oversees the process and biblical truth is the demonstration and explanation of God’s genius in action.**

Biblical truth is the written permanent expression of God’s integrity to man.

*It’s the verbalization of divine justice and the study of the attributes of Almighty God.*

**Biblical truth is the thinking of God in relation to the human race and nothing is more important than knowing what God thinks, understanding how God operates and comprehending the basis for all of these things through His integrity.**

Biblical truth in us produces confidence in God and

the divine viewpoint of life, therefore it establishes right priorities in the soul.

*It orients us to the plan of God and produces stability of mind, as the basis for divine guidance to accomplish the will of God.*

It leads to occupation with Jesus Christ; our social life with our Savior which further leads to capacity and ability to love and appreciate God the Father as the Source of all blessing when it comes.

**Good decisions cannot be made inside Satan’s cosmic world system because arrogance always neutralizes talent, wisdom, ability, greatness, genius and therefore, the potential of any individual.**

All good decisions are made in humility with thoughtfulness of others, objectivity and flexibility

*Believers who live by the standards of biblical truth and the filling of the Holy Spirit always face reality producing enforced humility or self-discipline which is the foundation of great leadership but arrogance creates unreality and eventually hallucination.*

**The function of the essence of God in planning the strategy and executing that strategy requires quite a number of Bible doctrines.**

So, God has to do the thinking and the working and one of the biggest problems in this plan is to get the recipients of the plan to stop working for the attention of God.

**God’s will is all comprehensive, meaning in eternity past, every thought, decision and action of every human being was understood by God simultaneously!**

Our success in life is accomplished through the divine policy of grace; the justice of God blessing mankind totally apart from any ability of man.

*God's outline of human history is called dispensations, which is the programming of the ages and the plan of God for each of us must be related to an understanding of the Church Age which includes the baptism of the Holy Spirit, the sealing of the Holy Spirit, the filling of the Holy Spirit and our spiritual gifts, as members of the royal family of God.*
