James 5:13-16

Adversity is what we all will have in life in one form or another; it's inevitable and it results from the free will of man in this world. God never forces our decisions in life; He allows us to choose for or against His plan and it's impossible to be unhappy in God's plan! Just stop and think for a moment about how infinitely superior and stable our God is and that will be a source of such incredible joy inside your soul that you will experience a comfort and security that you never before dreamed of! Prayer is the door to our entering a life of faith-rest and expressing our personal love for God the Father and our laser focus on the Lord Jesus Christ at the same time. This condition is what has happened to someone who's chosen not to be quick to listen, slow to speak and slow to become angry; someone who's not willing to let perseverance finish its work in them, so as a result, they're not spiritually mature and they are lacking biblical understanding and the wisdom it brings to all who humble themselves before God. Jesus Christ was crushed on the Cross for our heavy burden of sin so that we might wear the Royal righteous robe of our King forever! We are not sinners because we sin, we sin because we were born sinners. The genetically reproduced sinful nature is passed down through the male and if a virgin can become pregnant without a male being involved in the procreation process, then the result will be a unique person who comes into the world without a sin nature and without the imputation of Adam's original sin. As the toxic venom of the serpent spreads throughout the human body after he strikes, so does sin spread throughout the entire human race after Satan sunk his teeth into Adam and his wife in the Garden of Eden.
