

John 189“Selfishness Attacks Unselfishness”*John 12:4-5*

Biblical truth in our souls is a permanent memorial to the amazing grace of God.

Mary’s hair represents her submissive attitude and her choice to let it down displays her glory as she demonstrates quite beautifully here that her glory belongs to the Lord Jesus. *The entire house smelled of the sweet aroma of the King of kings and Lord of lords, Jesus Christ*

Himself along with the humbly expressed love of a magnificent woman for her precious Savior and Teacher.

The food certainly helped to make the party a success but without the feast of biblical truth bountifully served, there would be no party!

No person operates in this world on the basis

of grace without being criticized.

Our lives have purpose and meaning simply because of the grace of God, period!

A true disciple not only accepts the views of his teacher; he meditates on them, practices them and then willingly applies them to his experience.

Generally, criticism of another person stems from untrue or pseudo-love which includes projecting

one’s own failures to someone else for the purpose of comparative self-justification.
