

**John 224“Lest We Forget” John 14:22-26**

**God the Father will not reveal any more of Himself to anyone who is not doing anything with what he has.**

**In other words, no spiritual advancement means no further presentation.**

**The Lord Jesus is ‘seen’ by means of biblical truth in the soul of the believer and He remains ‘invisible’ to the unbeliever who has no activated human spirit until he is positive toward the Gospel of Christ.**

**Our attitude toward biblical truth determines our life experience as believers on earth. A believer who is not positive toward God, echoes the attitude of an unbeliever while facing trials.**

**God has a plan for us which includes unshakeable inner happiness available to us at all times.**

**The mature believer in Jesus Christ is a master of the details in his life, never a slave to them.**

**Everything that we know about God the Father, Son and Holy Spirit comes to us through the study of biblical truth.**

**The average unbeliever is filled with himself which generally leads him into some form of legalism beginning in his early childhood.**

**It isn’t giving things to children that spoils them, it’s a lack of proper training regarding things that does that.**

**Work doesn’t necessarily build character, on the contrary, it actually reveals character. God speaks to us through His Living and His written Word.**

**If our desire is to know God through our study of His Son’s mind in the Scriptures and that’s our life long goal, we’ll develop tremendous character which we will take with us everywhere we go, including to work.**

**God the Father has found a way to love us and still be consistent with His own character and that way is by His grace.**

**Biblical truth in our souls on earth is like having a mansion or whatever you consider a great home to live in.**

**Failure to respond to and take in biblical truth promotes scar tissue in the soul, while healthy soul breathing prevents it.**

**Because every believer is in full-time Christian service, it’s crucial that he takes in daily instructions from the *Owner’s Manual*.**

**The Holy Spirit has completed a ‘How To’ tutorial packet on proper soul breathing provided by God the Father and found in the New Testament mystery doctrine which is to be distributed to every believer.**

**The glorification of the Lord Jesus requires the first Advent of the Holy Spirit and the sending of the Holy Spirit is the greatest demonstration of God’s grace since the Cross.**

**What we do in life is dependent upon what we know!**

**And we have to know how to do something before we can do it.**
