

John 240 “The Results Of Our Election” *John 15:16*

The Lord Jesus Christ’s strategic victory guarantees eternal life and a resurrection body to all who believe but there is no guarantee of tactical victory in life or rewards in Heaven!

Production in the Christian life did not start with a witnessing program or a victorious life conference!

It started in eternity past with God and finishes today for us in 2024 beginning with a prayer.

The servant or slave believers as well as friend believers, the carnal as well as spiritual believers and the mature as well as baby believers all share our Lord’s election.

Through His election, God has a purpose for our lives and adversity or failure does not remove us from

the plan of God.

God is perfect and immutable and it’s therefore impossible for Him to change and become imperfect

by designing a plan that involves sinful man’s contribution added to His.

All believers in the Church Age are required

to produce fruit continuously.

Our divine good production “remains” with us and is never cancelled out even by future failure or any post-salvation human good production.

Faith comes by hearing; hearing the Word of God; so we don’t have to manufacture or drum up faith, it’s a result of consistent Bible study.

When we operate in His plan, we will make prayer requests and the secret to receiving favorable answers comes from the accumulation of biblical truth in the soul.

Proper prayer produces lasting, fulfilling, rewardable divine good.
