

John # 42 “Coming Into the Light” *John 3:16*

God has revealed Himself to man from the very beginning; Psalm 19:1-4.

That tells us God’s creation speaks non-verbally of His glory and nature.

From the creation of Adam and Eve and their fall, throughout all of human history, God has revealed Himself non-verbally in general revelation which testifies of His reality from His creation.

God’s non-verbal revelation is available to all so everyone who can think knows that God exists although they may deny it, claiming to be atheists.

God Himself, without human assistance is at work throughout all of human history and so, human history is a work of God, not just an idea of God and that’s what ties the books of the Bible together.

According to Jesus Christ, each man can’t have his own truth because He exclusively is the truth, meaning everything He says is true.

And not only that, Jesus Christ claimed not simply to have life as we all do but actually, to be the life, indicating that He could give people a spiritual life that can’t be found anywhere else.

We all must face the issue as to whether or not Jesus’ own claims about Himself and His mission on earth are true or false.

If what He claimed is false, He should be rejected as a liar, deceiver or yes, even an insane person.

God put His best gift on the bottom shelf so that the smallest and the weakest could reach it.

A. Accurate communication of the Gospel 1st Cor 15:1-4

B. Continuous follow-up Romans 10:17

C. Spiritual growth 2nd Peter 3:18

If we suffer with Him we will be glorified with Him.
