

**John 252 “Our Very Own Public Defender In Action” John 16:7**

**And so, the Holy Spirit comes to indwell us on earth and Jesus Christ goes to represent us in Heaven and while this is transpiring, the intensification of spiritual warfare due to the angelic dispute means that every Church Age believer is now an ambassador representing the absent Christ.**

**No ascension of Jesus Christ means no First Advent of the Holy Spirit and no First Advent of the Holy Spirit means no benefit for the believer-priest in the Church Age.**

**We all must persistently concentrate on our number one priority which means effective Spirit-filled post-salvation biblical rehabilitation for us.**

**We desperately need to organize our lives around our number one priority because we'll never organize our thinking until we've prioritized and organized our lives.**

**When we begin to organize our thinking around biblical truth, not only do we have new knowledge and understanding but we begin to quickly advance in the experiential plan of God and we finally reach our objective of spiritual maturity.**

**Fellowship in the Royal Family of God is based on divine viewpoint in thought and fulfillment of the honorable command to love one another as He has loved us in practice.**

**Contrary to popular belief, fellowship in the Royal Family is not based on having a pleasing personality.**

**Jesus' command to love one another means we should all live and let live, giving each fellow believer his space and privacy and avoid evil thoughts toward him.**

**God Who is perfect would not commit Church Age believers to an intensified conflict without first providing maximum instruction and power for experiential victory.**

**The maximum provision for God's Royal Family today is far greater than the maximum provision for any believer in any previous age.**

**Whether we use the grace of God in this life or not, we win in the end but what's so terribly wrong with thoroughly enjoying the ride here and now?**

**Our lives may be insignificant as far as world standards are concerned but they will never be insignificant as far as God is concerned!**

**By using God's grace provisions, we can actually enjoy the battle!**

**The Lord Jesus Christ is our defense attorney in Heaven and the Holy Spirit represents us on earth as our Public Defender.**

**The Holy Spirit represents us today because we're in an intense spiritual battle.**

**If the Lord Jesus doesn't go forward with the Father's plan, everything of any value collapses around us.**

**At any point in the story, the humanity of Jesus Christ could have thrown in the towel like the disciples but He won't because He remains fully sustained by biblical truth and the power of the Holy Spirit to understand the Word and use it.**

**When the Holy Spirit is sent after our Lord's ascension, He will find two types of people on earth, believers and unbelievers.**
