

“Jesus Is Alive And Our Sins Are Dead” John 20:20-23

After His ascension, Jesus is promised a bride and future rulership of the world and at the Rapture, He receives His bride and at the Second Advent, He receives His Kingdom.

Just as the Cross comes before the Crown, the Bride of Christ comes before the Coronation.

During the Tribulation, historical events will be prepared for the coming King and His Second Advent will remove the angelic world usurper, Satan and place the rightful Heir, the everlasting Son of David on the throne He deserves!

Our Lord’s body is the only resurrection body that will exist for all eternity with scars on it as a badge of honor and every time we see His scars in Heaven, we will be reminded once again of His amazing grace! Thank You Lord, forever we thank You Jesus, for we wouldn’t be where we are right now spiritually if it wasn’t for You!

Pleasant circumstances do not make for happiness; inner, non-circumstance dependent happiness makes for pleasant circumstances.

And so, happiness is NOT simply stimulation or excitement; it’s related to the Essence of God Who always possessed absolute perfect happiness from eternity past as a part of His character and no one shares the happiness of God without biblical truth in his soul because lasting joy can only come from the Word of God making this type of joy a permanent fixture in life; Nehemiah 8:10.

Our Lord has designed His happiness to be ever-present and stabilized for us to provide us with the capacity to enjoy life and that is only accomplished when we first cultivate our relationship with Him, so the only way we will ever truly enjoy our lives, our families, other people, our jobs or anything else is through biblical truth learned, believed, meditated on and applied, producing in us a deep unshakable lasting happiness just like He has!

The disciples were the first representatives of the absent Christ in the Church Age.

We are sealed by the Holy Spirit because we live under spiritual pressures not found in the Old Testament.

Today, all believers witness for the Lord Jesus but during these fifty days, only certain believers were His representatives.

This is nothing more than the God-ordained authority to make dogmatic statements on behalf of Jesus Christ while witnessing for Him.

The job of providing assurance of forgiveness to every new convert to Jesus Christ is the function of all believer-priests in the Church Age.
