

“Peace that passes all understanding”

Philippians 1:2

Psalm 23

As goes the percentage of mature believers, so goes the nation and so goes the amount of truth expressed in the public opinion of that nation.

God the Father is always taking the initiative to act on behalf of His children to provide the blessings He purchased for them with the blood of His Son.

Peace prosperity is the outer confirmation leading to inner assurance that God gives us that keeps us spiritually confident even in the midst of extreme trial.

Peace prosperity is the outer confirmation leading to inner assurance that God gives us that keeps us spiritually confident even in the midst of extreme trial.

There is nothing quite like grace prosperity, as it is perhaps our greatest foretaste of Heaven.

The sin nature resides in the human body and is the source of all temptation.

The sin nature resides in the human body and is the source of all temptation.

The freewill of man is the guardian of the soul and the objective of the sin nature is to control the soul.

The sin nature resides in the human body and is the source of all temptation.

The freewill of man is the guardian of the soul and the objective of the sin nature is to control the soul.

The origin of sin has always been human freewill.

The reaction of the believer to personality conflict is hatred, revenge motivation, insensitivity and arrogance.

Thought distraction can relate to arrogance or preoccupation with self or it can originate from prejudice that we have resulting in an inflexibility that causes us to resist biblical teaching that hits that area of prejudice.

Bad systems always have their victims and even if you are doing a good job, you'll be the victim of a bad system sooner or later.

System testing distracts from momentum when the believer becomes preoccupied with self and resents human injustice to the point of self-pity; so he becomes bitter, full of hatred and seeks revenge instead of leaving the problem in the Lord's hands.

Prosperity is a part of spiritual growth or maturity and it's one of the ways in which Jesus Christ is glorified in the devil's world.

If you have capacity for love, your relationship with God is superb, your marriage is spectacular and your friendships are sweet.

To keep us from being so heavenly minded that we're ineffective in time or wanting to exit planet earth before

His call, God provides wonderful prosperity for us at capacity!

Spiritual growth brings capacity for life which must express itself whether we are in suffering for blessing or going through a high time.

This is why God demands that you learn the Word every day to not only survive but thrive so that your capacity for life may be expressed to His glory.

This is why God demands that you learn the Word every day to not only survive but thrive so that your capacity for life may be expressed to His glory.

Prosperity without capacity is disastrous but prosperity with capacity is glorifying to its source.

So, we can choose God's way of learning and applying

His Word or reject it, go on our own and receive

His loving discipline.

David recognized that he had promotion, wealth and prosperity in battle and in his reign as king; all because of capacity developed in peacetime.

David recognized that he had promotion, wealth and prosperity in battle and in his reign as king; all because of capacity developed in peacetime.

If you're discouraged, confused, overwhelmed with life; you'll have little or no capacity for blessings of prosperity.

The road to glory begins right here and now; not in eternity and the capacity for prosperity means the existence of prosperity.

Sometimes one of the basic reasons for suffering is that you have almost reached the high ground of letting go of self and trusting God, but as you approach, you have road blocks like fear and worry in the soul.

Love of the Blesser causes the blessee to continually enjoy his blessings.

Love of the Blesser causes the blessee to continually enjoy his blessings.

For the one that depends upon prosperity rather than God, the greater his priorities go out of whack; the greater becomes the use of blessings as cursing.

The source of all logistical support grace is God the Father, the author of the divine plan of grace.

The source of all logistical support grace is God the Father, the author of the divine plan of grace.

Everything that you are or will ever be that has any value is from God your source!

This is the dispensation of the royal family of God and the ministry of the Holy Spirit today is to glorify

Jesus Christ;
therefore the Holy Spirit is not mentioned in verses such as these.
