

“Thanks for the memory”

*‘When saving for old age, be sure to put aside a few pleasant thoughts’* Anonymous

*Philippians 1:3*

*Ephesians 1:3-6*

Nothing in life has real meaning without biblical truth resident in our souls.

While the loser does not lose his salvation, he does lose his promotional blessings for time and the eternal state.

This means we must have certain priorities: like God relationship over people relationship and the use of divine power while relinquishing human power in the Christian life.

1. In God’s authority, His Word is 1st.
2. In God’s plan, His mandates are 1st.
3. In God’s purpose, His Son Jesus Christ is 1st.
4. In God’s policy, His grace is 1st.
5. In God’s objective, our momentum is 1st.
6. In God’s system, our virtue is 1st.

This is the dispensation of the royal family of God and the ministry of the Holy Spirit today is to glorify

Jesus Christ; therefore the Holy Spirit is not mentioned in verses such as these.

It’s become a world of

‘what can you do for me?’ focusing on outward stimuli rather than inward stimulation.

Social life is not designed to draw strength from one another; it’s designed to demonstrate our capacity for life with each other.

**Memory is a bonafide biblical capacity for life.**

Good memories result in lack of frustration and hang-ups in life.

If for whatever reason you don’t have fond memories, the proper course of action is to flood your soul with biblical truth which overcomes any and every lack in life.

Paul is a well-adjusted person to life, so that no matter what comes his way, good or bad, he’ll pass the test magnificently because his priorities are straight.

No matter the circumstances, you can remember friends, loved ones and situations in which your capacity for life is expressed to the glory of God.

Does anyone ever think of me for inspiration and remember me with thanksgiving to God?

**Who we associate with tells a lot about us and for contemporaries of Paul to be associated with him in a positive manner is fabulous.**

To become a pleasant memory for someone else in the royal family requires spiritual growth.

**Since Paul was in the Philippians' memory, they wanted to do something for him and share their grace blessings with him as he had shared his grace blessings with them.**

**Sugar daddies are quickly forgotten as the affection switches to the sugar!**

**Memory is also the function of the soul in identification and application of what has been previously learned.**

**Memory is also ascribed to God to encourage us about His faithfulness; God has not forgotten us.**
