“Royal Family Blessing
by Association”

Romans 12:13-14

By the humanity of Jesus Christ remaining in the plan of God designed for Him, He remained impeccable, which qualified Him to go to the cross and be judged for our sins.

Jesus Christ’s victory was confirmed by His resurrection, ascension and session at the right hand of the Father, where He received His third royal title: ‘King of kings, Lord of lords, the Bright Morning Star.’

The means of formation of this royal family is the baptism of the Holy Spirit beginning on the Day of Pentecost which enters all believers in the Church Age into union with Jesus Christ and some results include a new spiritual species for the use of maximum divine power available, the creation of a royal family to complement our Lord’s strategic victory and the provision of equal privilege to execute a brand new plan of God.

The royal family of God is every Church Age believer, regardless of background or race because all distinctions are erased at salvation and reconciliation.

Because of election and predestination, every member of the royal family of God has equal privilege and opportunity to fulfil God’s purpose for his life.

The Church Age plan of God is related to a never-before provision in human history: the indwelling of all three members of the Trinity, making our bodies a temple.

The plan of God provides us with two royal commissions:

the royal priesthood where we represent ourselves before God and the royal ambassadorship where we represent God to all mankind.

The plan of God has a unique system of suffering for blessing that has never existed before, so we can actually suffer for blessing in spiritual adulthood, having happiness in understanding the full meaning of that suffering.

Jesus Christ is royalty by birth, by deity and by His spiritual victory on the cross.

As God-man, the Lord Jesus is a new type of superior permanent spiritual royalty and He must have a royal family to share His reign.

Members of the royal family who reach maturity will have great rewards for all eternity and will be blessed to a greater extent than believers who failed in time and these eternal rewards will glorify God for all eternity.

Next, the royal family will return with Christ at the Second Advent to observe His victory against Satan and all fallen angels in the Armageddon campaign.

And finally, the mature believers of the royal family will rule with the Lord Jesus Christ during His Millennial reign and then throughout all eternity.

Blessing by association is overflow of divine blessings through mature believers to those in their periphery.

When we are drawn into improving the devil’s world with social action, we are distracted and lose out on being a blessing by association to others.

The client nation to God contains a high enough percentage of mature believers who have spiritual momentum in the plan of God and therefore, spiritual influence.

This means there’s enough freedom in that nation to provide for extensive evangelism without

government interference or persecution.

All believers are blessed if there's a mature believer associated with them.

It means we contribute to the needs of others by simply reaching maturity ourselves.
