

Romans # 168

“Royal Family Harmony”

*Romans 12:13-16*

**The client nation to God contains a high enough percentage of mature believers who have spiritual momentum in the plan of God and therefore, spiritual influence.**

This means there's enough freedom in that nation

to provide for extensive evangelism without government interference or persecution.

*All believers are blessed if there's a mature believer associated with them.*

It means we contribute to the needs of others by simply reaching maturity, ourselves.

**There's no greater test of poise and objectivity than when we're under hatred and persecution or when people expect the best of us and we get side-tracked with pride.**

For believers, objectivity keeps the matter in the Lord's hands, recognizing that the justice of God is far more capable of dealing with the matter than we are.

*Hostility and persecution are for our undeserved suffering, designed to stimulate hope for future blessings which are much greater.*

Remember, real love is without hypocrisy or a hidden agenda.

**There is no royal family harmony without mutual positive attitude toward biblical truth; the basis for true rapport.**

The advancing or mature believer is qualified to produce this action.

*Harmony of rejoicing must be compatible with the mood of the moment because this type of rejoicing is temporarily sharing the enthusiasms of others but also being aware of the moods of others but never copying someone else.*

Harmony with those who are suffering in agony requires much more of the Word than the first command to *rejoice with those who rejoice*; it's an advancement.

We are part of a permanent aristocracy or nobility that cannot be destroyed even by the most arrogant people.

**The RFHC begins with understanding and respecting freedom, emphasizing the privacy of the priesthood, so there must be tolerance for non-essentials.**

The purpose of man's creation is to resolve the angelic dispute which cannot be resolved without freedom.

*Privacy and property are the environment for the function of freedom, so property should never be confiscated and re-distributed.*

Morality does not demand impersonal love and anything an unbeliever can do is NOT the spiritual way of life.

The RFHC relates to our personal plan of God as well as our relationship with people under God's established laws.

**This harmony and rapport with believers in their time of trouble is a genuine sympathy which doesn't include emotional relating where self-pity is encouraged so they feel sorry for themselves even more than before.**

To assume what we are not, is to be what we cannot be.

*To be what we cannot be, is to hinder being what God wants us to be.*

Arrogance keeps us off-balance and disoriented to the plan of God.

By not being arrogantly conceited, we have removed the barrier to be what God wants us to be as

royal family under the RFHC.

**The grace mental attitude from maximum biblical truth resident in the soul avoids the pitfalls of arrogance and disassociation from reality.**

**The prerequisite for our thinking regarding people demands proper thinking toward God.**
