

Romans #039

“The true versus the false Jew”

*Romans 2:28-29*

**In social life, the only friends worth having are those with integrity who'll protect your privacy and not strive to be better than you by using you.**

In our liberal society, character is a foreign concept and dishonest people learn to substitute sincerity for integrity.

God's righteousness recognizes man's sin and his human relative righteousness and rejects them as equally offensive.

When we believe in

Jesus Christ, the justice

of God is free to give us the first blessing of Christianity, eternal salvation.

The racial Jew is not necessarily a true Jew.

And what made a Jew a

true Jew was relationship with God's integrity.

The true Jew is positive and the justice of God is free to provide salvation to him; the false Jew is negative, so the justice of God is only free to curse him in time and judge him in eternity.

**So we have a false Jew with the genes of Abraham, Isaac and Jacob, but spiritually he does not follow the adjustments to God made by Abraham, Isaac and Jacob.**

Circumcision was the ritual but biblical truth resident in Abraham's soul was the reality.

**But they failed to realize that even the best form of government without the integrity of God is useless and only accelerates disaster.**

It is the ultimate in arrogance to think that God is going to accept you on the basis that you are good.

**The Second Advent of Jesus Christ fulfills the integrity of God as it relates to the Jew as the Lord returns to re-gather Israel.**

The First Advent was to provide the basis for relationship to the integrity of God and the Second Advent is designed to provide the fulfillment of that relationship to the integrity of God.

144,000 Jews will have a powerful evangelistic ministry during the Tribulation; Moses and Elijah will return, but still no Jewish priest nation.

Passover pictures Jesus Christ bearing our sins while the justice of God judges those sins on the cross, freeing God's justice to give salvation to anyone who believes.

All believing Jews alive when Jesus Christ returns for the Millennial reign will become the priest nation; Israel.

**The false Jew wanted political change without the integrity of God and the true Jew is primarily interested in relationship to the integrity of God.**

**Our nation will only be preserved and prosper by use of the divine spiritual solution.**

**We must understand that man's relationship with God is based on His justice, not His love.**
